## UNIPOL GROUP PARTNER OF THE GROWTH FESTIVAL

The Unipol Group will support the **Growth Festival (Festival della Crescita)**, an important cultural event that aims to create a virtuous cycle among the leaders of growth and development, be they citizens, institutions, companies or artists, students or professionals.

Now in its second edition, this year the **Growth Festival** will draw a growth “map”, organising special editions in 12 Italian cities, starting in Rome from 17 to 19 March and ending in Milan, from 13 to 16 October. The Unipol Group will share its history of supporting growth at the Milanese stage entitled *xChange People and Future Ways of Living*. At this closing event, held at the prestigious Palazzo delle Stelline, the theme will focus on people and change, with dialogues dedicated to projects and visions, moments of discussion between outstanding figures from different fields, conversations with authors and meetings on the projects of schools, universities and associations dealing with the growing exchange between education, work and community. These themes are close to the Unipol Group, which has always supported individual growth in conjunction with that of the entire community, as well as proximity to the people and the territory.

With its Corporate Sponsorship Program, the Unipol Group intends to always remain close to the people and the community by supporting projects that embrace scientific research, social engagement, the environment, entertainment, art, sport and culture such as in the case of the **Growth Festival**.

***For the Unipol Group thinking of people's future also means thinking of what they love: culture.***
